DENOUNCED.

AN ALGOMA MAN EXPOSES THE ONTARIO GOVERNMENT'S MISDOINGS.

Many times has attention been directed to the shameful dealings of the government of the province with the more recently settled districts such as Algoma and Nipissing. Complaints innumerable have been made in the Legislature and published in papers written and published elsewhere.

badly the pioneers of the district have been treated for years through neglect of the government and arrogance on the part of the officials. Ontario's population would now be nearer three millions than two millions if the government at Toronto had been as zealous of promoting the welfare of these new districts as it has been to look after the interests of relatives of the Ministers and Grit members, and to keep itself in power.

It has been to look after the interests of relatives of the Ministers and Grit members, and to keep itself in power. It has been to look after the interests of relatives of the Ministers and Grit members, and to keep itself in power.

It has been to look after the interests of relatives of the Ministers and Grit members, and to keep itself in power. It has been to look after the interests of relatives of the Ministers and Grit members, and to keep itself in power.

Government Coal Contracts

THE PEOPLE'S COAL COMPANY HAS SECURED THE FURNACE

Pleasure's Times.

The fact that the Dominion Government has secured the right to supply coal to the public institutions of Toronto, Hamilton, and other places, is a matter of some importance.

The Ontario Government, however, has not yet secured the same company, having contracted with the supply of their coal to the Province at Lennoxville, London, the Oak and Frank Institute, Belleville, as well as other places.

The company is the only one in this province which is able to supply coal to the public institutions of Toronto, Hamilton, and other places.

The company is the only one in this province which is able to supply coal to the public institutions of Toronto, Hamilton, and other places.

AN INTERESTING RELIC.

An Old Midland District Account Book Over a Century Old.

BENJAMIN SEYMOUR, father of the late Hon. BENJAMIN SEYMOUR, still

well remembered in this country, was one of the Pioneers U. E. Loyalists on the shores of the Bay of Quinte. He owned a farm and kept a general store at Number 8, South Fredericksburgh, at what is now known as the Nelson Farm, Conway P.O. It was, we believe, the first store established in these countries, being opened in 1790, and was continued for many years after that time. Singular to say the general account book of that store, extending from 1790 to 1795, is still in existence and in good state of preservation. The writing is very plain and bold and the ink is as sharp and bright as though written but yesterday. Mr. E. R. Sells, extensively clerk of South Fredericksburgh, is the possessor of this rare relic, which very naturally he prizes very highly. He has kindly allowed THE BEAVER to have access to it, for a time. The curious in such matters may see by calling at this office.

Names of the Customers.

As the date is not a few years after the first U. E. Loyalists first reached this country, and there were no other stores west of Kingston, the names of those whose accounts are recorded include a large proportion of the heads of the well known U
